EDUCATION

Bachelor of Science in Information Technology

Tagoloan Community College (2023-2026)

PROJECTS

Developer Portfolio App (2026)

Live Link: <https://bryanligason-portfolio-app.vercel.app>

- Designed and developed a high-performance personal portfolio website using Next.js, TypeScript, and Tailwind CSS.
- Implemented dynamic UI components, interactive sections, and seamless deployment workflows using Vercel and GitHub.

Capstone/Thesis: Web-Based Public Vendor Management and Stall Rental System for the LGU of Tagoloan – Frontend Developer (2026)

- Architected backend logic, normalized database structure, and system workflows for LGU vendor registration, stall rentals, and fee tracking.
- Integrated PhilSMS SMS Gateway (via API key authentication) and PHPMailer to send automated, real-time rental and violation notifications.
- Successfully deployed the live system on Hostinger and co-authored a research paper published in IJERT (Volume 14, Issue 12).

Mini Capstone: Construction Labor Payroll Information System – Full Stack Developer (2025)

- Built an end-to-end payroll system designed to manage construction worker records, daily attendance, wage calculations, and payroll reports.
- Implemented user authentication, role-based access control, and structured MySQL database queries using Laravel.

DICT CERTIFICATES

- Intellectual Property Strategy: Protection and Registration Essentials
DICT CAR IIDB & IPOPHL | April 2026
- Navigating the Cybersecurity Threat Landscape Training
Cisco Networking Academy | April 2026
- Data Privacy ACT 2012: Protecting Personal Information in the Digital Age
Computer Programming Services (Mr. Ryan Jeffrey Ricafort) | April 2026
- Data Privacy Act of 2012: Protecting Personal Information in the Digital Age
Computer Programming Services (Mr. Lemuel C. Condes) | April 2026
